

The New Jersey State Constitution requires every town in the State provide their fair share of affordable housing. The Township of East Hanover currently has two multi-family developments under construction. Both developments will contain deed – restricted affordable units when complete. The first is located at 60-72 Eagle Rock Avenue and will contain 53 affordable rental units. The second is located at the intersection of River Road and DeForest Avenue and will contain 96 affordable units. A minimum of 50 of these units will be rentals.

Presently, there is no affordable housing waiting list or application forms for either development.

Once applications are available the Township will post a notification on its website.

Updates will be provided as new information becomes available.
